

THEIR WORK DONE.

Last Day's Proceedings of the Democratic Convention.

A NATIONAL TICKET NAMED.

Cleveland Heads the Ticket with A. E. Stevenson, of Illinois, for Vice President—One Ballot Decides the Contest for the Second Place on the Ticket. Adjournment Sine Die.

GROVER CLEVELAND.

Grover Cleveland was born at Essex, N. J., March 18, 1837. His father was a Presbyterian minister. Grover received a common school education with a brief course at an academy.

In 1859 he was admitted to the bar. Four years later he was appointed assistant district attorney of Erie county, and held the office three years. In 1865 he was nominated for district attorney, but defeated.

In 1870 Mr. Cleveland was chosen sheriff of Erie county, N. Y., and served a single term. In 1881 he was elected mayor of Buffalo, and on November of the following year was elected governor of New York by the largest majority ever given any candidate for the same office in any state.

In 1884 Mr. Cleveland was nominated for president by the Democrats, and elected, since which time his movements are too well known to need mentioning.

On June 2, 1886, Mr. Cleveland was married to Miss Frances Folsom, of Buffalo. He was the first president ever wedded in the White House. One child—Ruth—has blessed the union.

A. E. STEVENSON.

Adlai E. Stevenson, the nominee for vice president, is a resident of Bloomington, Ills. He was born in Christiansburg, Ky., Oct. 29, 1835. He attended Centre college at Danville, Ky., and when sixteen years of age removed with his father's family to Bloomington, Ills., where he studied law and was admitted to the bar. In 1859, he located at Matamoras, Waterford county, Ills., and engaged in the practice of his profession, remaining there for ten years.

In 1864 he was named as the presidential elector for the district. In 1869 he returned to Bloomington, forming a law partnership with J. S. Ewing, which still exists. He was elected to congress by the Democrats of the Bloomington district in 1874, although the district had always been strongly Republican. In 1876 his party again nominated him for congress, but he was defeated. He was nominated a third time in 1878 and was elected. He was a delegate to the national convention of 1884 and was appointed first assistant postmaster general by President Cleveland.

At the close of Cleveland's administration he returned to Bloomington. In 1877 President Hayes appointed Mr. Stevenson a member of the board to inspect the military academy at West Point. The recent Illinois convention elected him one of the delegates-at-large to the convention. He was serving in that capacity when nominated for the vice presidency.

CHICAGO, June 24.—It was in a muggy, damp atmosphere and uncomfortable quarters that the delegates and spectators entered the wigwam yesterday afternoon. The conditions were not pleasant. All the speculation on the floor, and in the benches was about the length of time in which the convention could complete its work and enable the visitors to leave the city. Another heavy rainstorm in the morning added to the general desire to get away. Every day since the majority of the attendants upon the convention from abroad have been in the city it has rained, sometimes three or four different times a day, and the eagerness of the visitors to get into dry atmospheric surroundings was almost pathetic in its intensity.

The delegates were slow in gathering, and at 2 o'clock, the hour to which the convention adjourned, not over one hundred of them were in their seats and none of the distinguished guests of the occasion had appeared. The bad weather had a depressing effect upon many of the visitors, and several prominent members of the convention were sick.

At 2:35 Chairman Wilson pounded the table with his gavel and called the convention to order. Most of the delegates were in their seats and the galleries

were quite well filled. The chairman introduced the Rev. Alfred Green, of Cedar Rapids, Ia., who delivered the invocation.

Immediately after the prayer the chairman announced that the next order of business was the naming of candidates for the nomination for vice president.

Governor Porter, of Tennessee, offered a resolution to limit nominating speeches to five minutes and seconding speeches to two minutes each. The resolution was greeted with applause and adopted. The call of states was then begun.

Alabama asked to be passed. Arkansas nominated Gray, of Indiana, without comment. The name was greeted with applause.

Colorado gave its place to Indiana, and John E. Lamb took the platform to nominate Hon. Isaac P. Gray. He said:

"When I was selected as a delegate to this convention I hoped to have the honor as well as the pleasure of casting my vote for an honored son of Indiana for the presidency of the United States, but when I arrived I found that the majority had already decided for another to lead its hosts in the coming campaign. We bowed our heads to their judgment and united with the Cleveland Democracy. Yesterday Grover Cleveland was the choice of the Democratic party; today he is the unanimous nominee, and the question which this convention has to decide is who shall it be that will have the honor to hold up the banner of the candidate who carries the banner of this campaign. Where shall he come from? [Voices: "Indiana" and cheers.] I come from the state which is the center of the political battlefield of the great west. The state which has given to the history of American politics the immortal name of Thomas A. Hendricks."

Continuing Mr. Lamb said: Whenever the Democratic party has listened to Indiana's advice—has given her a place on the ticket—whether in 1876 when the fruits of victory were stolen, or in 1884 it had found victory. On behalf of the united delegation he asked the convention to make 15 electoral votes certain by putting on the ticket a Democrat who had never lost a battle—Isaac P. Gray. He had carried Indiana by 1,000 more votes than Cleveland and Hendricks. The tongue of slander had never pierced his armor. In conclusion he again assured the convention of Indiana's 15 votes if Gray were nominated.

As Mr. Lamb concluded the rain began to fall without and to drop within the wigwam.

Colorado gave way to Illinois and Mr. Worthington took the platform to nominate A. E. Stevenson. He paused for a passing railroad train and then began a competition with the rain that beat on the roof. He said:

"Illinois has presented no presidential candidate to this convention. It has within its borders more than one favorite son whom it would have delighted to honor, who are worthy of all the political honors that could be conferred upon them. But here in this great city of Chicago, in this great commonwealth of Illinois, in the center of this great republic, the Democracy, catching the vibration of the ground swell that came from the south to the east and the west, put aside its favorite son and for the time parted with its state pride, echoing back to Texas, Connecticut and California, the name of Grover Cleveland. But for the vice presidency, for the second highest place in the government, it has a candidate so fully equipped by nature and education that it feels it would be a political fault to fail to urge his name for nomination before you."

Mr. Worthington said he stood here to name as a candidate a man known by every woman and child and voter who ever licked a postage stamp in the land—a big, big-hearted, big-brained man; whose courtesy was rarely equalled and never excelled; who had been the ideal of an honest, efficient public office holder. He believed a public office was a public trust, but he believed that Democrats were the best trustees. The Democratic party had nailed its banners to the mast. It did its quarrelling before the convention. The Democrats of the west had been educating the people and Boies, Bo 1 and Peck were the evidences of it. Senator Palmer was another illustration. In conclusion he presented a candidate "who does not have to get a certificate from a labor organization to prove he is a friend of labor—Hon. Adlai E. Stevenson, of Illinois."

R. J. Vance, of Connecticut, rose in his place to second the nomination of Isaac P. Gray. He spoke briefly, and what he said could hardly be distinguished because of the noise caused by the rainfall.

Iowa seconded the nomination of Gray.

When Iowa was called the chairman of the delegation said: "Iowa has no candidate to present." There were cries for Boies all over the hall, and the chairman again taking the floor, said: "It is the personal wish of Governor Boies; it is the unanimous wish of this delegation; it is the wish of the Democrats of Iowa, that Governor Boies be not named as a candidate for the vice presidency in this convention."

When Kansas was reached the chairman presented L. A. Scott, of the delegation, to second a nomination. Mr. Scott said that some of the delegation had preferences, and on behalf of a majority which believed that the doubtful state of Indiana should be made a fighting ground, he desired to second the nomination of Isaac P. Gray.

When Kentucky was called Hon. John S. Rhea took the platform. He said that he came from the home of the star-eyed Goddess to second the nomination of Mr. Stevenson. Kentucky took her Democracy like her whisky—straight. He supported Illinois' candidate because he was a man who believed that to the victor belonged the spoils. If he were placed in position Mugwumps and Republicans would get no quarter at his hand.

The roll call proceeded without interruption until Michigan was reached when Don J. Dickinson announced that

Michigan would present a candidate through Hon. E. F. Uhl. Mr. Uhl took the platform and placed in nomination the name of Judge Allen B. Morse, of Michigan, and said that if he was nominated Michigan would give her fourteen electoral votes to the Democracy.

After Mr. Uhl's speech the roll call proceeded quietly until New York was reached. When Governor Flower arose there were cries of "platform" and applause which drowned Mr. Flower's announcement that "New York has no candidate to present." Mr. Flower sat down and the applause stopped.

Mr. Elias stood on his chair when North Carolina was called and seconded the nomination of Stevenson. He said that if Mr. Stevenson was wise enough to be in the cabinet of the Hon. Grover Cleveland, he was fit to run on the ticket with him.

When Ohio was called there were cries of "Campbell," but the chairman of the delegation announced that the state had no candidate to present.

L. T. Cunningham, of Tennessee, seconded the nomination of Gray.

Ex-Governor Throckmorton, of Texas, seconded the nomination of Stevenson.

Hon. John Goode, of Virginia, seconded the nomination of Stevenson.

Washington seconded the nomination of Gray.

When Wisconsin was called there were cries of "Vilas." The chairman of the delegation announced that Wisconsin would present a candidate through General E. S. Bragg. Taking the platform, General Bragg nominated Hon. John L. Mitchell. The rain by this time was pouring down so heavily that its noise almost drowned Mr. Bragg's voice.

For the next twenty minutes the delegates tried to vie with the rain in making a noise by cheering, singing and yelling for their favorite candidate.

The roll call proceeded.

New Mexico seconded the nomination of Gray, and Oklahoma that of Stevenson.

Then the roll call was completed and Alabama, which had been passed, was called again. Mr. Vanderbilt, of Alabama, briefly seconded the nomination of Judge Morse on the strength of his soldier record.

Then the chairman ordered the roll to be called upon the four candidates.

Alabama started out by casting its 22 solid votes for Morse.

Arkansas led the Gray column with 16.

California divided between Gray and Stevenson, 9 for each candidate.

Colorado said she wanted a vice president who could take the party in out of the wet and voted 9 for Stevenson.

Connecticut voted solidly for Gray.

Delaware voted for Morse.

Florida cast 6 votes for Stevenson and 2 for Gray.

Georgia cast 10 votes for Morse and votes for Gray and 7 for Stevenson.

Idaho voted for Gray.

Illinois gave her entire 48 votes to her favorite son, Stevenson.

Indiana, of course, supported Gray with her 30 votes.

Iowa broke in upon the routine by announcing that her 26 votes were cast for that Democrat of Democrats, Henry Watterson.

Kansas voted for Gray.

Kentucky, embarrassed apparently by the presentation of Watterson's name, paused, and there were cries of "Gray" and "Watterson." The delegation was polled and cast 12 for Gray, 12 for Stevenson and 2 for Mitchell.

Louisiana voted for Stevenson.

Maine voted 4 for Gray, 7 for Stevenson, 1 absent.

Maryland 12 for Gray, 4 for Stevenson.

Massachusetts 4 for Gray, 5 for Morse, 20 for Stevenson. This made Gray and Stevenson a tie.

Michigan cast 28 votes for Morse.

Minnesota voted 18 for Gray.

Mississippi 9 for Gray, 8 for Stevenson, 1 for Morse.

Missouri said the state was instructed to vote as a unit, but was unable to agree, so cast her individual vote as follows: Stevenson 16, Gray 10, Morse 8.

Montana scattered 5 for Bourke Cockran, and 1 for Lambert Tree, of Illinois.

Nebraska voted 5 for Mitchell, 6 for Stevenson, 5 for Gray.

New Hampshire solid for Stevenson.

New Jersey gave Gray 19 and Stevenson 1.

New York was called amid excitement and cast 72 votes for Stevenson.

This put Stevenson 43 votes ahead.

North Dakota voted 6 for Gray.

Ohio gave 4 to Gray, 4 to Mitchell and 38 votes for Stevenson, thus increasing his lead to 93 amid cheers.

Oregon voted 8 for Gray.

Pennsylvania said, voting its individual preferences, it voted 4 Mitchell, 6 Morse, 17 Stevenson, the balance and the majority of the delegation for Gray, but under the unite rule the 64 votes would be cast for Gray. This left Gray only 21 behind.

Rhode Island gave 8 to Gray.

South Carolina voted 18 Stevenson.

South Dakota voted 4 Stevenson, 2 Gray and 2 Mitchell.

Tennessee 14 Gray, 8 Stevenson, 1 Boies and 1 Morse.

Texas 4 Gray, 26 for Stevenson, increasing his lead once more to 49.

Vermont reduced this lead by 8 votes for Gray.

Virginia cast 24 for Stevenson, bringing it up to 67.

Washington voted 8 for Gray.

West Virginia 4 Morse, 4 Stevenson, 4 Gray.

Wisconsin 24 for Mitchell.

Wyoming 6 for Mitchell.

Alaska 1 Mitchell, 1 Stevenson.

Arizona 5 Stevenson, 1 Gray.

District of Columbia 1 Mitchell, 1 Stevenson, making Stevenson's total 400.

New Mexico 5 Gray, 1 Stevenson.

Oklahoma 2 Stevenson.

Utah 1 Morse, 1 Gray.

Indian Territory Gray 2.

Total of first ballot unofficial—Gray 343, Stevenson 402, Morse 86, Mitchell 45, Watterson 26, Cochran 5, Tree 1.

Iowa changed to Stevenson.

Montana changed 6 votes to Stevenson.

Nebraska changed from Gray to Stevenson.

Nevada changed to Stevenson 5 votes.

Ohio changed 46 votes to Stevenson.

Oregon changed 8 to Stevenson.

Then a motion to suspend the rules and make Stevenson's nomination unanimous was carried.

Then the usual resolutions of thanks were passed. They included the secretaries of the convention, the Chicago committee and finally the presiding officer who was very nearly forgotten in the confusion. Mr. Zachary, of Louisiana, remembered the vote of thanks to Mr. Wilson, and Henry Watterson took the chair temporarily and put the question.

The official stenographer was authorized to prepare an official report of the proceedings.

Mr. Russell, of Missouri, then got on his chair and moved that the convention adjourn. The chair put the motion, declared it carried, and with a parting word of thanks to the convention for its consideration, at 5:18 he declared the convention adjourned sine die.

EXECUTIVE COMMITTEE MEETING.

A Temporary Organization Effected and the Old Officers Re-Elected.

CHICAGO, June 24.—The new national Democratic committee met at the Palmer House, immediately after the convention. A temporary organization was effected by electing all the old officers of the committee, viz.: Calvin S. Brice, of Ohio, chairman, and S. P. Sheerin, of Indiana, secretary.

Resolutions regretting the death of Senator John S. Barbour, of Virginia, and C. A. Broadwater, of Montana, were passed. All the new members were present. The committee adjourned to meet in New York subject to the call of the chair. The impression is that they will meet about July 10.

The convention yesterday afternoon adopted a resolution that the chairman and secretary could not be selected from the committee, but could be chosen from outside of the committee. It is understood that this was passed with the understanding that ex-Secretary Whitney, of New York, who has managed the Cleveland campaign, will be made permanent chairman of the committee when it perfects a perfect organization.

SEWALL, OF NEW JERSEY.

Strong Prospect of His Being Chosen National Committee Chairman.

WASHINGTON, June 24.—Ex-Senator Sewall, of New Jersey, was an early caller at the White House Thursday morning. He was closeted with the president for almost an hour, and will see him again.

It is understood that the topic of conversation was the chairmanship of the Republican national committee. President Harrison does not intend to thrust upon the committee his wishes in the premises, but of course he will be consulted about the chairmanship, and he may express a preference. It is probable that General Sewall will be the president's choice. General Sewall and General Harrison have been warm personal friends for many years.

Their families have visited together. Several times the two men have gone snipe shooting in the marshes of New Jersey since Harrison has occupied the White House.

General Sewall has had many years of experience in national politics. He served in the United States senate and has several times represented his state upon the national committee. He was a strong Harrison man at the Minneapolis convention. He is president of a railroad, but is a man of means and some spare time and can afford to take hold of the national management. In inner circles of Republican politics it is believed General Sewall will be selected.

MISSIONARIES ATTACKED.

Latest Advice from Hong Kong and Yokohama.

SAN FRANCISCO, June 24.—The steamer China arrived from Hong Kong and Yokohama yesterday, bringing news that there was every appearance of another outbreak against the missionaries when the steamer left. It was chiefly due to the energy and courageous efforts of the native teachers that the missionaries and ladies of the Zenana mission, at Chingho, escaped being murdered, and that the personal intervention of some men to Dr. Rigg, of Kinning, was saved from being drowned in a vat of manure.

Even more clearly than in previous riots it was demonstrated that the mandarins took no steps to prevent the storms which had been gathering for some time, and that the literati were the real instigators of the outbreak. A significant fact was that one of the first acts of the mob was to tear down the proclamation of the emperor prohibiting all attacks upon foreigners and which was hanging in front of the Chingho mission.

Passenger Train Ditched.

NILES, Mich., June 24.—The south-bound train on the Big Four railway, when twelve miles north of this city yesterday, ditched its rear passenger coaches, severely injuring several passengers and slightly bruising a number of others. The rails spread and the last coach was hurled down an embankment. The car contained seventeen passengers and all but one was hurt, some badly, but fortunately no one was killed. The blame attaches to the railway company for using old and rotten cars. Among the injured were C. T. Smith, of Jersey City, who had his head gashed and body bruised. The injured were removed to this city for medical attention.

COLLEGE CORNER, O., June 24.—David Smith was overcome with the heat while working in a field. This is his second experience.

STREET CAR STRIKE.

Four Lines Tied Up in Cleveland, Ohio.

THE MEN WANT BETTER WAGES

It is Said That the Strike Will Spread to All Lines in the City Before Forty-Eight Hours Have Expired.

CLEVELAND, June 24.—The four lines of the East Cleveland street railway comprising Euclid avenue, Cedar avenue, Central avenue and Wade Park avenue, were tied up Thursday morning at 5 o'clock. These lines run from the East End to the center of the city, and comprise the largest street railway system in town.

The strike has been brewing for some days, and was in part precipitated by the strike existing on the Broadway and Newburg lines. Attempts to run cars were prevented by the strikers, who were congregated at the barns on the different lines. Thousands of people walked to their places of business Thursday morning. It is said that the strike will spread to all the lines in the city before forty-eight hours have expired.

Superintendent Stately of the Broadway and Newburg company, attempted to run a car, but the strikers pushed it from the track. The Broadway and Newburg officials called on the sheriff for protection and will endeavor to run cars.

The mill workers in the south end, are in strong sympathy with the Broadway strikers and a riot is expected. The East Cleveland company ran one car east manned by police. Everything is quiet on this company's lines.

The strikes are for increased wages and a ten-hour day. It is the largest strike for the electric roads since that system has been adopted in this country.

A MINISTER'S MUSS.

Charged with Stealing His Own Horse After Being Swindled.

WASHINGTON, Ind., June 24.—A few days ago Rev. W. A. Yager, a well known and strictly upright Methodist minister of Glendale, this county, bought a horse from an uncle in Sullivan county for \$90 and started home with the animal. When he was near Edwardsport a man accosted him for a trade, and produced a little mare, saying it was what the minister should have. The fellow said the little mare was worth about \$80 or \$90, and proposed a trade.

The minister knowing nothing about horses, traded with the fellow. He afterwards found that he had been swindled. He returned to Knox county and asked the man to let him have the horse. The fellow refused. The minister asked to remain over night, which request was granted. Along in the night Rev. Yager got up, repaired to the stable, secured the horse he had purchased from his uncle and came to this city. The fellow who swindled him followed with a constable and compelled the minister to return the horse. Rev. Yager is now charged with horse stealing.

Arrested for Murder.

LAGRANGE, Ind., June 24.—William Dye, George and Tom Ohidister, and Leonard & Beck, saloon keepers, of Rome City, were arrested last night for the murder of Hugh Piatt. Four others will be arrested today. Dye and George Ohidister have confessed. Piatt was driving along the street about midnight when he was stopped by the gang, and was struck several hard blows over the head, which resulted in instant death. The murderers then started his horse toward his home, near Walcottville, where his family resides. The next morning his dead body was found hanging over the dashboard. Early in the evening Piatt whipped a man with whom he had been dissipating, and his friends wreaked revenge by killing him.

Dago Counterfeiters Caged.

SAN FRANCISCO, June 24.—Giovanni Abetti and Paolo Visconte have been arrested on charges of counterfeiting, and warrants are out for the arrest of two Americans and three more Italians on the same charge. Secret Service Agent Harris states that the band has been at work for the past twelve months and has manufactured a great amount of counterfeit money, nearly all of which has been distributed by means of the various Italian colonies throughout California, Oregon, Washington and British Columbia and as far south as New Orleans. In San Francisco alone over \$15,000 in \$5 counterfeit bills are known to have been issued.

Diphtheria Epidemic.

SHELBYVILLE, Ind., June 24.—Diphtheria is raging at the children's home, adjoining the east part of town. Several weeks ago a lad was afflicted with the dread disease in a mild form, and he was completely isolated from the other members of the institution, but it seems that the precautions came too late or were not continued a sufficient length of time. Wednesday morning ten others of the home were reported seriously ill with pronounced cases, while five more are in bed with strong symptoms of the malady apparent.

Chicago Wants Better Water.

CHICAGO, June 24.—The great eight-foot water tunnel, extending four miles out under Lake Michigan at a depth of eighty feet, has been completed. It was begun over four years ago and has cost over \$1,100,000. When connected with the water works pumps it will supply 180,000,000 gallons of water per day to the city, bringing total available supply up to 300,000,000 gallons daily. Not only the quantity but the quality of the water supply will be greatly improved.

HON. JAMES B. McCREARY can almost read his title clear to a seat in the next Congress.

GROVER CLEVELAND is not the nominee of any section. The North, East, South and West all demanded him.

THERE was a brilliant electrical display in the western sky last night. Reflection from the big Cleveland and Stevenson ratification meetings out that way.

WHAT was the State Insurance Commissioner doing when the defunct bankrupt People's Mutual Assurance Fund of Louisville was collecting money from its policy holders?

PRESIDENT HARRISON is trying to appease the disappointed Republicans. He says he has felt great regret that he was unable "to find a suitable place for every deserving friend." He isn't caring for the friends of the other fellows, you see. Verily, public office is a private snap, according to Benjamin.

THE Catlettsburg Democrat says: "The old Grant Republicans have good memories, and they are fond of revenge. They have not forgotten the many bitter things Whitelaw Reid wrote of Grant before and during the '72 campaign, and they will not neglect the opportunity 'to get even' that his running for Vice President gives them."

At the municipal election in Portland, Oregon, this week the Democrats won by 1,000 majority. The city ordinarily goes 2,000 majority the other way, and has long been the Republican stronghold in that State, and the strongest Republican city on the Pacific slope. Let us hope this is the beginning of the end of G. O. P. rule in the far West.

"SINCE it has come to light," remarks the Covington Commonwealth, "that Mr. Blaine was forced to leave the Cabinet by the deliberate insults of the President and his henchman, Foster, there can be no doubt that the great Secretary's friends will knife Harrison all along the line and taken unqualified pleasure in his defeat in November."

THE Public Ledger remarked a few days ago that "Henry Clay Protective Tariff clubs are being formed all through the State of Kentucky." We have been looking over our exchanges carefully and have yet to see the first notice of the organization of such a club. But by the way, what's the matter with Harrison and Reid protective tariff clubs?

THE Detroit Free Press regards "the assertion of the Republican platform that the price of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1890 as one of the curiosities of platform literature." "If it were true, and believed to be true," says the Free Press "every manufacturer of a protected article would abandon the party's standard so quickly as to make the leaders' heads swim, to say nothing of the candidate's head."

MAYSVILLE buys shoes and wasboards from Ripley, and three of our leading grocery firms—M. C. Russell & Son, R. B. Lovel and Geo. H. Heiser—bought 48,000 cans of tomatoes from the little town of Russellville, back of Ripley, a few days ago. Ripley knows the benefit of such enterprises and her canning establishment will soon be in operation.

The Russellville Packing Company put up 135,000 cans of tomatoes last year and the company has forty acres planted in tomatoes this year. Forty hands are employed, and the company expects to put up 200,000 cans this year.

DEMOCRACY'S LEADER.

The nomination of Grover Cleveland in some respects is one of the most remarkable events in the political history of the country.

The demand for him came from every section. Look at the list of States that voted for him. Here they are: Alabama, Arkansas, California, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Hampshire, New Jersey, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming—thirty-eight in all.

In addition to this every Territory and the District of Columbia voted for him in the convention.

In the face of such an overwhelming sentiment for him, it would have been the biggest piece of folly any party ever was guilty of for the Democracy to have taken any one else.

The people have confidence in Grover Cleveland's sturdy honesty, in his patriotism and his ability, and therein is his strength.

STEVENSON.

On the opening day of the Democratic National Convention Ex-Congressman W. M. Springer wired the New York World as follows:

"If General Stevenson is on the ticket the Democracy of Illinois will pledge the electoral vote of this State to the Democratic ticket. It is probable that this State can be carried for Mr. Cleveland without having the Vice-Presidency in Illinois, but with Mr. Stevenson as Vice-President, victory is doubly assured."

"General Stevenson is no new comer in National affairs. He was First Assistant Postmaster General during the Cleveland administration and was one of the most popular officials, from a party point of view, in the administration. His nomination would create positive enthusiasm in this State and throughout the entire country. He has served three terms as member of Congress from the Bloomington district—a district largely Republican. He is a man of the highest personal qualities and of unquestioned integrity. He is highly esteemed wherever known and his nomination would add great strength to the ticket."

Volz Loses His Suit.

In the Circuit Court at Newport this week, in the case of P. J. Volz against the C. and O. railroad, for \$20,000 damages for the loss of his right arm, caused by being struck by a pile-driver while in said company's employ, after hearing the testimony, Judge Arthur, on motion of the defendant, instructed the jury to find for the plaintiff in his petition set up a special pleading to the effect that the injury was through the negligence and carelessness of other employees who were higher in authority than himself and over him. The jury found as directed, and the plaintiff prayed an appeal to the Court of Appeals, which was granted.

Volz is the man who lost one of his arms a year or so ago while driving piles on the C. and O. a mile or so below this city.

A Wonderful Invention.

"Undoubtedly one of the most wonderful inventions of the age is the magnesium flash light of Professor Schirm, of Berlin, which has a luminosity of 400,000 candles and a flame that is clearly visible six miles away on a clear, sunny day," says the New York World. "Arrangements are being made at Washington to test the light and it will be used to discover the political hiding-place of Thomas C. Platt."

Will Vote for Grover.

Mr. Sternberger says, (although he is a red hot, all-wool-and-a-yard-wide Republican), that he will vote for the great Grover, in case he is nominated. He says thousands of working men, irrespective of party, are just in his fix.—Vanceburg Sun.

Mr. Sternberger hails from New Jersey and has been at Vanceburg for a few weeks as a witness in the proceedings to disbar attorney Will L. Fitch.

Wichita's "Busted Boom."

A Mt. Sterling man is speculating largely but lightly in the remains of the Wichita boom. He has bought up a great deal of boomed but boomless Wichita dirt, but he got it for a mere song, and will make money by the slightest turn upward in the career of that city. At forced sales several weeks ago he bought, for a small sum in cash, 125 Wichita lots, 100 acres of land near town and fifty acres about town and a half miles out of town. The land sold for \$3,900 an acre during the boom.

ORANGEBURG.

The marriage of Miss Jennie Mayhugh to Rev. A. E. Zeliger took place at the Christian Church Wednesday afternoon, June 22, at 2:30 o'clock. It was witnessed by the immediate relatives and friends, together with the members of the congregation of which Mr. Zeliger has been pastor for two years.

The bride is a daughter of Mr. Alexander Mayhugh, an influential citizen and farmer of this county. She needs no comment upon her personal attractions and womanly virtues, as she is well known and esteemed wherever acquainted.

The groom is a native of Hyattstown, Maryland, and is a graduate of Lexington Bible College and is a true type of the christian gentleman.

The ceremony was performed by a friend and college mate of the groom, Rev. E. V. Spier, assisted by Dr. Hays, of Maysville, of whose school Miss Mayhugh was a graduate.

Immediately after the ceremony the party drove to Maysville and took the F. F. V. for the East and will visit the groom's parents and friends in Baltimore and Washington City. We wish them all the happiness that this new and sacred relationship bespeaks.

MECHANICS' LIENS.

Full Text of an Important Bill Now Pending in the State Legislature.

The following is the full text of a bill now pending in the Legislature. It has passed the House:

Be it enacted: § 1. That section one of chapter seventy (70), General Statutes, be, and the same is hereby, repealed, and therefor the following is substituted, to-wit:

"§ 1. A person who performs labor or furnishes materials in the erection, altering or repairing a house, building or other structure, or for any fixture or machinery therein, or for the excavation of cellars, cellars, vaults, wells, or for the improvement in any manner of real estate by contract with or by the written consent of the owner, shall have a lien thereon, and upon the land upon which said improvement shall have been made, or on any interest such owner has in the same, to secure the amount thereof, with costs; and said lien on the land or improvements shall be superior to any mortgage or encumbrance created subsequent to the beginning of the labor or the furnishing of the materials; and there shall be no homestead or other exemptions as against the lien herein, and in the following sections provided for, and said lien, if asserted as hereinafter provided, shall relate back, and take effect from the time of the commencement of the labor or the furnishing of the materials."

"§ 2. And section five (5) of said chapter is hereby repealed, and therefor the following is substituted, to-wit:

"§ 5. If the labor performed or the materials furnished shall not be performed or furnished by contract with the owner, but for a contractor or sub-contractor, no lien shall attach for the same unless notice in writing be given by the owner, within twenty days after he ceases to labor or furnish materials that a lien will be claimed, setting forth in the notice the amount of the claim and what for. If the owner shall fail to pay upon such notice, the property shall be in lien for the amount he ought to pay as prescribed in the first section of this chapter. But the liens authorized by this chapter shall have no effect if security shall have been taken for the labor performed or materials furnished."

"§ 3. And because many laboring men and material men are, by the present inadequate and delusive law, deceived as to their rights, which are few, if any, upon that subject, an emergency therefor exists, and this act shall take effect upon its approval by the Governor."

LOCAL OPTION.

An Amendment Reported to the Senate Bill—Experienced Engineers on Railroads.

Yesterday the House Committee on Public Morals reported favorable the Senate local option bill. They reported an amendment providing that when fifteen per cent. of the legal voters of a county petition the County Judge to call an election on the local option question, he shall call the election. The original bill required 25 per cent. of the voters of each precinct in the county to sign the petition for an election.

The Geological Survey bill was taken up as a special order, and Mr. Dickson explained why the House substitute was preferable to the Senate bill. Dr. Woods opposed the substitute because it transfers the right of the Governor to approve the accounts of the survey, and places that right in the hands of the Auditor. The substitute was adopted for the original bill, and it was ordered to its third reading. The substitute is favorable to the survey.

In the Senate the bill appropriating \$900 to pay the expenses of the late Philadelphia committee, and Mr. Myers' bill to enable Covington to acquire parts of the Covington and Lexington turnpike were passed.

The House has passed the bill requiring railroad companies to employ only experienced engineers on trains.

ANOTHER FRENCH DUEL.

This Time One of the Men Received a Fatal Wound.

PARIS, June 24.—The Marquis de Mores, who fought a duel in March last with M. Isaac, in which he seriously wounded his antagonist, has just fought another duel with Captain Mayer, a well known and dexterous swordsman. Mayer died yesterday evening. De Mores is an intimate of Edouard Drumont, editor of the paper called Libre Parole, and has enthusiastically supported M. Drumont in his attacks upon the Hebrews.

It was this that led to the duel. Captain Mayer having called de Mores to account for his endorsement of these attacks, which are of a very scurrilous character, and alleged that the Jews are "Shylocks," without patriotism, reluctant to join the army, and looking only for opportunities for making money.

Captain Mayer was a dexterous swordsman, but he was no match for de Mores, who soon threw Mayer off his guard, and fatally wounded him in the lungs. De Mores, it is said, has boasted his willingness to meet every champion of the Jews that chooses to come forward.

A friend of the Marquis de Mores says that the insult which caused the duel was given at the recent meeting of M. Lamase and Captain Cremieux Foa, a Hebrew officer in the French army. In this latter duel, caused by Lamase's utterances against Hebrew soldiers, the Marquis de Mores seconded Lamase and Captain Mayer seconded Foa. The Marquis de Mores, immediately after the duel and in Mayer's hearing, made a remark about "Hebrew Canaille." This remark brought the challenge for the fatal meeting from Mayer.

DOUBLE SCULL RACE.

Hanlon and O'Connor Win the World's Championship.

ERIE, Pa., June 24.—The great international double scull race for the world's championship has been contested for on Presque Isle bay, and Hanlon and O'Connor carried it back to Toronto last night, together with the citizens' purse of \$1,500.

The attendance at the course was very large. When the hour for the race arrived the scullers refused to risk the choppy seas, but at about 6 o'clock the wind began to blow and the scullers were called by the referee, D. J. Galanagh, of Philadelphia. Hosmer and Gaudaur expressed themselves as being satisfied with the condition of the course and as Hanlon and O'Connor were ready, the scullers got the word at 6:50.

At the start Hosmer and Gaudaur showed slightly in front and were pulling thirty-eight strokes to the minute. In turning the stake the four men were on even terms, but after going less than one hundred yards, the Canadian team forged ahead and remained there to the end, winning one of the best races of the kind ever witnessed in these waters. The time was 19:35; that of Hosmer and Gaudaur 19:57.

CONGRESS.

Some Work Done in the Senate but Nothing Done in the House.

WASHINGTON, June 24.—In spite of the torrid weather and the interest manifested in the Democratic nomination, the session of the senate yesterday was of considerable length and was very interesting. After the passage of several bills, the principal among them to appropriate \$50,000 for the Sherman pedestal, there took place quite a discussion on the resolution introduced by Mr. Morgan, Democrat of Alabama, for the printing of additional copies of the report of the committee on foreign relations on the Nicaragua canal. The agricultural appropriation bill was then taken up, and without taking a vote thereon, the senate at 5:05 adjourned until morning.

The house met at 11 o'clock, but adjourned immediately without transacting any business. No quorum was present, and interest centered in the Chicago convention—the members gathering in knots and discussing the nomination of Mr. Cleveland.

MURDERER HANGED.

Jacob Harvey Dies on the Scaffold for Killing His Mistress.

COLUMBUS, O., June 24.—Jacob Harvey was hanged in the annex at the Ohio penitentiary this morning. The trap was sprung at 12:29 and he was pronounced dead at 12:37. His neck was broken. About thirty persons saw the execution. The hanging was accomplished without any unusual scenes.

Harvey's crime was one of the most brutal in the criminal history of the state. Mrs. Maggie Lehman was his mistress and left him because he was brutal to her. Harvey returned to Dayton and found her working in the Abbey, a place of bad repute. He waited around until she appeared, when he deliberately blew her brains out. Harvey made no effort to escape and when arrested gloated over his crime. He made no denial of his crime, and his only plea for a commutation of sentence was "that he did not believe in capital punishment."

Riddled with Bullets.

HUNTINGTON, W. Va., June 24.—Above Dunlow, in Wayne county, on the N. & W. railway, is a colored laborers' camp. Tuesday was pay day, and the 150 negroes got beastly intoxicated on moonshine whisky. At night a general row, which originated over a crap game, started, and every one took a hand. Over fifty shots were fired, and Abe Perdue, Charles Scott and an unknown were riddled with bullets and others badly wounded. The authorities have made no arrests so far.

Will Begin Assassination.

CHEYENNE, Wyo., June 24.—Cipher letters and dispatches received here from Buffalo warn the state officials and men who have been prominent against the rustlers since the cattle troubles opened that their lives are in danger. According to these it is planned to send to this place several northern desperadoes, who are to assassinate marked men. Precautions for their safety are to be taken at once.

Killed by Cars.

NOBLESVILLE, Ind., June 24.—Early yesterday morning Dr. J. E. Mercer, a notable man of this county, in attempting to alight from a train at Arcadia, was thrown underneath and instantly killed. His body was cut into three pieces. Dr. Mercer was aged forty, and a man of family. He was prominent in local Democratic politics and was returning home from the Chicago convention at the time he met his death.

violation of the Liquor Law.

COLUMBUS, Ind., June 24.—Sam Sayers, of Elizabethtown, has filed twenty-four affidavits against Zerilda Nixon, wife of a prominent druggist, for selling liquor without the necessary license, six of the cases being filed before each of the justices of the peace and mayor of this city. Mrs. Nixon will be arrested today. She has been arrested and fined before. A few days ago Mrs. Nixon assaulted Mrs. Danforth, mother of Sayers, for talking about their drug and liquor business.

Fighting in Africa.

BERLIN, June 24.—It is officially stated that Lieutenants Baron Bulow and Wolfrum and twenty Soudanese have been killed near Kilimanjaro, Africa, and that two sergeants and sixty-four men are holding Kilimanjaro against the enemy. One hundred and eighty men are hurrying to the relief of the beleaguered force.

Used to Smoke in Church.

The Rev. Dr. Parr, when perpetual curate of Hatton, Warwickshire, which living he held from 1783 to 1790, regularly smoked in the vestry while the congregation were singing long hymns, chosen for the purpose, immediately before the sermon. The doctor was wont to exclaim, "My people like long hymns, but I prefer a long pipe."—All the Year Round.

A Dog Steals Newspapers.

Newspapers have been mysteriously stolen from doorsteps in Chicago, watch was set and a little black and tan dog was discovered to be the culprit. Though chased, the dog escaped, and was detected twenty minutes later stealing another paper. The brute takes any kind of newspaper regardless of politics or quality of news matter. The police have a description and are looking for the animal.—Chicago Letter.

To Chicago from the Seaboard.
